I am a dedicated Full Stack Developer with expertise in modern web technologies, including React.js, Next.js, React Native, and Node.js. Currently working at a product-based company, I am passionate about building scalable and efficient web and mobile applications while continuously enhancing my skills and contributing to organizational success. I aspire to work as a Software Developer in a Multinational Company, utilizing a wide range of technologies such as React.js, Next.js, TypeScript, Tailwind CSS, shadcn, Zustand, Redux/Redux Toolkit, Git, GitHub, Node.js, Express.js, Nest Js, MongoDB & AI. My expertise spans both frontend and backend development, enabling me to deliver seamless and robust solutions. I emphasize code quality, performance optimization, and scalability by following industry best practices and implementing reusable, well-structured code. My approach ensures flexibility and maintainability across projects, delivering impactful and user-centric solutions that align with business objectives.

Skilled in frontend and backend technologies, I develop responsive interfaces and robust APIs. My approach emphasizes secure, scalable, and maintainable web applications for diverse use cases.

Professional Experience

06/2023 – present
Mumbai, India

React js | Next.js Developer, *Webranc IT Solutions*

- Developed responsive web applications using **Next.js**, **TypeScript**, and **Tailwind CSS**.

Cartibuy.in

As a Software developer at Webranc IT Solution, I am actively contributing to the development of a robust and responsive e-commerce website. I focus on creating seamless user experiences, implementing efficient state management solutions, and ensuring performance optimization across all devices. My role involves collaborating with the team to integrate advanced features, maintain code quality, and deliver a scalable, user-friendly platform that meets client requirements.

Cartibuy Business

Worked on the business dashboard and seller panel for Cartibuy, an online wholesale platform. Implemented features for seller onboarding, product management, and order tracking. Ensured a responsive UI with smooth navigation for desktop and mobile users. Collaborated with the design and backend teams to integrate APIs and manage data flow. Contributed to optimizing performance and improving user experience across the platform.

Cartibuy.sa
